

**PREMIER PIN INDUSTRIES**

Manufacturer and Supplier of Precision Turned and Machined Components

AN ISO 9001 CERTIFIED COMPANY  
ISO 9001

# Company Presentation

# About Us

Year Of Establishment: **1981**

Manufacturing Units: **2 (Ghaziabad, Uttar Pradesh)**  
**(Pantnagar, Uttrakhand)**

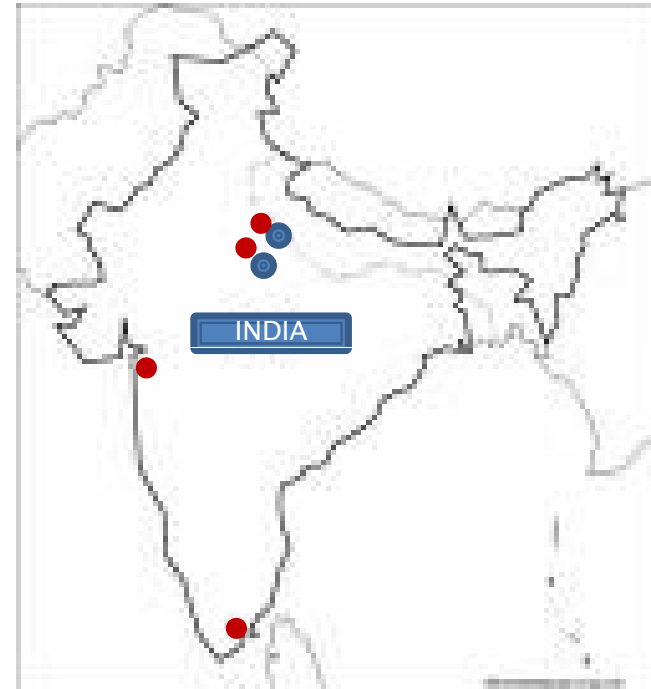

Total Employees: **100**

Annual Turnover: **US\$ 0.87 Million (Rs. 3.5 Crores)**

Clients:

Quality Certification: **ISO 9001:2000**

*Some of the End Users are:*

# Quality

## **QUALITY POLICY**

- Achieving total Customer Satisfaction by complying with their requirements of Quality, Cost and Delivery.
- Participate proactively with the customer in developing new products with focus on Cost Reduction and become a leader in the products we supply.
- We commit to achieve the above through continual improvement in Quality Management System and Employee Involvement.

## **ACHIEVEMENTS**

- Best Supplier Turned Part Category: 2005-2006 (MINDA Group)
- Appreciation Award for Cluster Activities: 2006-2007 (MINDA Group)
- Best Supplier Turned Part Category: 2007-2008 (MINDA Group)
- Average Customer PPM < 50 ppm (2007-2008)

# Plant & Machinery

Premier Pin Industries has the most modern equipments, processes, and infrastructure available which includes 15000 sq. ft. of shop floor, top of the line Traub Machines (Max. Input Size: 42 MM), CNC Machines (Max. Input Size: 250 MM), Special Purpose Machines for operations like Threading, Reaming, Milling, Centreless Grinding, Mass Finishing System for deburring operation, and a range of other second operation activities like chamfering, rethreading, and taping.

Premier Pin Industries has dedicated manufacturing lines for each customer, and component. Effective use of 5-S and Kaizan is clearly visible all through the shop floor. The company thoroughly practices QCDDR, which forms the back bone of its manufacturing process.

# List of Machines

<b>TYPE</b>	<b>SPECIFICATION</b>	<b>QTY</b>
<i>CNC Machine – LMW Make</i>	<i>250 MM – 150 MM</i>	<i>7</i>
<i>Single Spindle Automates – PMT</i>	<i>A-25</i>	<i>30</i>
<i>Single Spindle Automates</i>	<i>A-42</i>	<i>3</i>
<i>Second Op. Single Spindle Automates</i>	<i>A-25</i>	<i>25</i>
<i>Thread-Rolling Machine</i>	<i>1 Inch Dia.</i>	<i>4</i>
<i>Flat-Die Rolling Machine</i>	<i>½ Inch Dia.</i>	<i>2</i>
<i>Pitch Control Internal Threading</i>	<i>½ Inch Dia.</i>	<i>3</i>
<i>Centre-less Grinder</i>	<i>50 MM Dia.</i>	<i>2</i>
<i>Cylindrical Grinder</i>	<i>500 MM Length / 150 MM Dia.</i>	<i>1</i>
<i>Surface Grinder</i>	<i>500 MM Length</i>	<i>1</i>
<i>Band Saw – PLC Control</i>	<i>200 MM Dia.</i>	<i>1</i>
<i>Lathe Machines</i>		<i>3</i>
<i>Universal Milling Machine</i>		<i>2</i>
<i>Mass Finishing System</i>	<i>60 Litres</i>	<i>1</i>
<i>Profile Projector</i>		<i>1</i>
<i>Vicker's Hardness Tester</i>		<i>1</i>
